

New year, new project?

As you bask on a beach this summer, drawing a line under 2020 might add to the pleasure, while fresh ideas and a clean slate draw you towards the promised land of 2021. If EQC repairs, home renovations, extensions, or even a new build are on your brighter horizon, then WD Build and Hardy Projects are your go-to companies for a successful and productive year.

Directors Mitchell James and Paul Hardy, have been at the forefront of the EQC programme since its inception.

They help owners with the process from the paperwork at the very beginning, to handing over beautifully finished homes at the completion of the project. Whether you are contemplating a project that brings an 'as is where is' home back to life, or

whether your repairs fall more into the cosmetic line, Mitchell and Paul are happy to help.

"We have so much experience with the EQC process, as well as bringing our building expertise from engineered foundations to architectural finishes," says Mitchell.

Client Ben McLean is delighted with the result he received.

"Working with Mitchell and Paul was so easy - they made the process really straightforward when we didn't have a clue about what was required."

The house required foundation repair, partial relevel, new flooring, tiling in the bathroom, internal painting, electrics brought to code, and the underfloor insulation which

had been non-compliant all replaced.

The garage had its foundations dug out and replaced as well as blockwork repaired.

"The house looks amazing," says Ben. "And the estimate of four to six months work was actually completed in 12 weeks!"

With Mitchell and Paul on the job the work was very well planned, started quickly, ran smoothly and was completed to a very high standard.

"I'd recommend WD Build and Hardy Projects to anyone in a heartbeat," says Ben.

If you're a homeowners who has registered with EQC and now need to engage a contractor to get things moving along, Paul says: "Just pick up the phone and talk to us about an initial free assessment of your home and we'll make a plan from there."

LODGED YOUR CLAIM WITH EQC?

IT'S TIME TO SEE THE PROFESSIONALS
